ONLY DISCOVERY WORTHY OF ANY CONFIDENCE FOR

Restoring THE BALD AND GRAY!

Many, since the great discovery of Prof. Wood, have strempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood, preparation, and have been forced to leave the field to its resistless sway. Read the following:—

Bath, Maine, April 18th 1859.

Prof O. J. Wood & Co. Gents; The letter I wrote you in 1850, coverning your valuable. Hair Restorative and which you have published in this vicinity and elsewhere, his given rise to numerous hoquiries touching the facts in the case—the important hoquiries touching the facts in the case—the important hoquiries touching the facts in the case—the important hoquiries fourly in third deesny hair still continue to be in good order and of natural color? To all I can and will assert invariably jes. My hair is even better than in any stage of my life for forty years past, more soft theifty and better colored; the same is true of my whiskers, and the only cause why it is not generally true is that the substance is we shed off by frequent ablation of the face, when if care were used by wiping the face, in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if m, hair still continues to be good; as there is so much fraud in the manufacture and sail of great number of lefters from all parts of New England, sking me if m. hair still centinues to be good; as there is so much from in the manufacture and sail of various compounds as well as this, it has no doubt been basely imitated and been used, not only without any good tutto absolue injury. I have not used any of your Pestoralize of any account for some months, and good tutto absolue injury. I have not used any of your Pestoraive of any account for some months, and yet my hair is as good a ever, and handreds have ex unined it with surprise, as I am now 61 years old and not a gray hair in my bead or on my face; and to prove this fact. I send you a lock of my hair, taken off the past week. I received your favor of two quart bottles it st Summer for which I am very grateful: I gave it to my trienas and thereby induced them to try it, many were skeptic cur, ill after trial, and then purchased and used it with universal success. I will ask, as a favor, that you send me a test by which I can discover framin in the Restorative sold by many. I fear without authority from you. A pure article will insure success and I believe where good effects, do not follow the taillare is caused by the imprire article which curves the ininventor of the good. I deem it my daty as heretofore to keep you apprised of continue to fleet on my hair, as I ask ure all who enquire of my unshaken opinion of its valuable results. I remain, dear sir, yours.

Aarons, Run Ky., Nov. 3) 48.8

Prop. O. J. Wood: Dear sir.—I would certainly be doing you a great it justice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant but without success, and finding my head nearly ce titute of hair. I was finally induced to try a bottle of your Hair Restorative. Now candor and justice compelies to anneunce to whoever may read the, that I now poses as a new and beautiful growth of hair, which I pronounce richer and handsom or than the original was. I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessisy of it.

I will there fore take occasion to recommend this invaluable remedy to ALL who may feel the necessity of it.

Respectfully yours, REV. S. ALLEN BROCK.
P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited:—but if you think it worthy a place among the rest, insert it you will it to my the it not destroy and say nothing.

GREATEST IMPROVEMENT OF THE AGE.

THE GOOD SAMARITAN!

WOOD or COAL.

Ahead of all Competition! 5463 of them manufactured last year-more than double the number of any other first class stove in one year, in the United States.

THEY contain all the improvements which are in all the I first class stoves, and the advantages and improve-ments over other stoves are in part as follows: 1st. The arrangement for broiling on the front hearth, an improvement overlooked in other first class This also the same arrangement for broiling on top.

21 A thorough ventilation of the Oven.

22 A thorough ventilation of the Oven.

23 Introducing hot air draught to the fire chamber, thereby increasing the draught of the Stove, quickening its operations, and enabling it to throw out more heat—a

as operations, and enabling it to throw out more heat—a matter much and justly complained of in other Stoves.

4th. An important improvement in the application of the damper, which throws the heat around the oven.

5th. Much greater weight, consequently heavier plates, and more durable as well as handsomer castings.

6th. A draft damper at each end of the fire box, so that the fire is equalized, and one gridle will heat as quick as the other, also heating the oven in half the time.

7th. Fire back protected by soap-stone, so it cannot burn out.

Tith. Fire back protected by soap-stone, so it cannot burn out.

In addition to the above improvements, it has all that is combined in other first class Stoves, viz — Hot water Reservoir, Warming Closet, Roaster in front, Baker on ton, Doors lived with best Russia Iron, &c., &c. Further, this stove is warranted to do the work with as little furlas any other stove in the market, and in a superior manner.

All who want a first class Stove, should never buy until they call and see the Good Sanarara, as they have in every instance given satisfaction.

I am the exclusive agent for the sale of this Stove in Montpelier, and sell it on trial for any reasonable length of time; so all are safe in buying.
